

# ENERGY CAMPAIGNER

## The Role :

The **Energy Campaigner** will help coordinate civil society members across thematic energy positions: Fossil Fuels, Geothermal, Hydro, Labor, RE to help push for full decarbonization at ADB and AIIB.

S/he will continually update the network on Multilateral development banks (MDBs) energy policy positions to help create and build strategies. S/he will also always be an advocate for just energy transition representing the Forum network.

## Job Description :

- Strong command over the energy campaigning policy, research, and just transition at regional levels
- Understanding of MDB finance architecture in the energy sector
- Experiences in coordinating diverse civil society groups across thematic areas towards common agenda
- Demonstrate robust policy analysis and writing skills in the energy sector.
- Must be a self-starter and demonstrate leadership ability.

## Job Requirement for Energy Campaigner :

- Educational background related to the job post
- Demonstrated experience in and knowledge of climate and energy policy campaigns.
- Adept at thinking through complex policy and communicating it simply and clearly.
- Has high organizational and time-management skills
- Has strong analytical and problem-solving skills
- With excellent verbal and written communication skills
